course

Areas Traveled:

Croatia, Greece, Australia, Turkey

*If unforeseen circumstances prevent this crew from hosting your charter, another competent crew will substitute.

Crew Comments

Ana Comments

After finishing maritime technologies university, my ideal career was on a yacht. I love to sail and meet new people and see new places. Combining the whole experience with food that I learned mostly on the lap of my Dalmatian parents, is really a dream come true, and I hope to put all the Croatian experience through taste on a plate for all our guests.

What do you enjoy most about being a Moorings Crew? *Happy and satisfied guests who, thanks to you, had the best vacation so far.*

What is your favourite aspect of the destination in which you work? *Exploring the coast and islands from a different perspective, visiting interesting places and towns.*

What is the chef's favourite cuisine to prepare? Do you have a specialty? *Mediterranean cuisine has always been a passion of mine – learning about it from my nonna. I prefer the hearty, home-made dishes that are meant for sharing.*

Do you have any hobbies or interests aside from sailing? What do you do on your downtime? *Everybody needs to relax every now and then. I love to go to the gym when I can and watch a good movie. Since I was raised in Dalmatia, swimming has always been a big part of my life so that love has stuck as well.*

Deni Comments

What do you enjoy most about being a Moorings Crew? Helping people create beautiful memories and taking pride in the exceptional service we provide.

What is your favourite aspect of the destination in which you work? Places we visit are truly exceptional and mesmerizing. Seeing them only once wouldn't give them justice. Also, spending time at beautiful places while having amazing support from my co-workers on the boat and in the Agana base is why I love coming back here.

Do you have any hobbies or interests aside from sailing? What do you do on your downtime? Besides sailing I love meditating, working out and staying active (lifting weights, calisthenics, skateboarding, surfing, bodysurfing, bodyboarding, freediving, swimming, biking and sometimes running)
