Ingredients:

- 1/2 oz Grenadine syrup
- 2 oz Orange juice
- 2 oz Pineapple juice
- 1/2 oz Blue Curaçao
- 1 oz Vodka
- Ice cubes

Instructions:

1. Prepare the Glass: Fill the glass about halfway with ice cubes to help maintain the layer separation.
2. Layer 1 (Red): Pour the grenadine syrup directly into the bottom of the glass.
3. Layer 2 (Orange): Mix the vodka with the orange juice in a separate container. Carefully layer this mixture over the grenadine by pouring it slowly over the back of a spoon. Aim for the spoon to touch the ice and the side of the glass slightly above the grenadine layer.
4. Layer 3 (Yellow): Clean the spoon. Then, layer the pineapple juice over the orange juice using the same technique, pouring it gently over the back of the spoon to keep the layers distinct.
5. Layer 4 (Blue): Lastly, pour the Blue Curaçao over the back of the spoon to form the final layer.
6. Serve and enjoy your refreshing Rainbow Paradise cocktail!
